

**RECORDING MEDIUM HAVING DATA STRUCTURE FOR MANAGING
PLAYBACK CONTROL RECORDED THEREON AND RECORDING AND
REPRODUCING METHODS AND APPARATUSES**

ABSTRACT OF THE DISCLOSURE

The data structure on the recording medium includes a navigation area storing an information file. The information file includes a first playback indicator that identifies a navigation command field for execution at first playback of the recording medium. The identified navigation command field is also stored on the recording medium, and the identified navigation command field includes at least one navigation command.
